

## It Must Be

remembered that our stock represents the finest ready-to-wear clothing made in the United States—stylish, serviceable, becoming clothes that have nothing in common with ordinary "ready made" garments, nor with the kind of goods turned out by the average custom tailor.

We have recently added to our stock the lines made by Hart, Schaffner & Marx of Chicago, in addition to our Stein-Bloch goods. Do not pay out money for awkward, old fashioned ready made clothing when you can have the H. S. & M. goods for the same cost. Do not pay the tailor's price when you can get as good, and probably better, satisfaction, for less than half the money.

### ROAD TIED UP.

Contractors Bid \$17,000 on a \$5,000 Job  
of Grading.

There is a serious hitch in the matter of the contract for the road from Hana to Nahiku on the island of Maui. All of the bids are far above the appropriation. There are eight sections of the road. W. A. McKay bids on seven of them at a lump sum of \$17,000. Wilson & Whitehouse, the only other bidders, want \$48,000 for the eight sections. They also agree to build a makeshift road for \$17,500.

It is felt at the Interior office that there was either a serious blunder in the appropriation or there is a misunderstanding on the part of the contractors as to the work to be done.

Our customers are kind enough to say we turn out better work than they get elsewhere. We take pride in this department of our business. Every Film developed carefully.
